

STATE OF MAINE
DEPARTMENT OF ENVIRONMENTAL PROTECTION
BUREAU OF HAZARDOUS MATERIALS AND SOLID WASTES CONTROL

MEMORANDUM

TO: Mark Hyland, Federal Facilities Director
FROM: M. Marianne Hubert, Tech. Services Engineer
Date: June 18, 1992

SUBJECT: Site 8, Perimeter Road Disposal Site, Proposed Plan
(Draft), Brunswick Naval Air Station

The proposed plan (draft) for Site 8, Perimeter Road Disposal Site, was prepared for the public to review the Navy's preferred alternative remediation and opportunity to respond and comment on the proposed soil cover.

This plan includes the background of the site's history, RI findings, a description of all alternatives evaluated by the Navy and the RECRA/CERCLA criteria for final selection.

I have reviewed the document and I find it adequate and in sufficient details for the public. Thus I have no comment. However we still need to push for a thicker cover even if this document review is not the appropriate time.
